## Bushels, Bales & Tails

September, 2022

The Halton Agricultural Society invites the students, teachers and parent volunteers from all schools in Halton Region to attend the Milton Fall Fair on our Agricultural Education Youth Day, Friday, September 23rd, 2022.

This is the 167<sup>th</sup> year for the Milton Fall Fair and we continue in our vision to educate everyone about agriculture, the rural lifestyle and its importance to our society and personal well-being.

This year we have more opportunities than ever for valuable learning experiences with plenty of demonstrations and hands-on activities, many organized specifically for this day only. We are continually enhancing our program and its connection to the curriculum requirements for agricultural education. Our curriculum is geared to grades 2 & 3, although all grades are welcome to attend.

Some of our attractions include Hands on Exotics, a blacksmith and various livestock demos. The Homecraft displays in the various buildings are also open for viewing. Don't miss the Agriculture Education Tent!

We also offer opportunities for your school or individual students to get involved in competitions or displays at our fair. Please see [www.miltonfair.com](http://www.miltonfair.com) Class 45 and for the School Display and children's entries. The scheduled event times with a map of the grounds to help prepare you and your students for their visit, will be sent to your school once full payment has been received. It will efficiently move your group throughout the site, allowing your students to see all we have to offer. Our schedule for the day will begin at 9:30 and run until 2:00 pm.

**We request that the enclosed form be returned to us by September 16<sup>th</sup>, 2022.** Space is limited and registrations will be taken on a first come-first served basis.
